Baseball at Ottawa.

Ottawa, Kan., March 2.—The girls basketball team of the Kansas State university Saturday defeated the Ottawa university girls at basketball by a score of 25 to 16. The game was a snappy one throughout. The K. U. girls were easily superior in team work, but the Ottawa girls were credited with better individual playing. Miss Houston of Baker university, acted as referee. Misses Plank and Shawnee, of Lawrence, were umpires.

THE FIGHT IS OINOURED.

Young Corbett and McGovern to Meet in Prince March 31.

New York, March 2.—At last "Young" Corbett and Terry McGovern have decided to get together. Arrangements were practically completed Saturday, although the articles have not yet been signed because Corbett is at San Francisco and Terry in New York.

They will meet in the arena of the Haver Valley club of San Francisco the night of March 31. The conditions will be that each man, weigh in at 127 pounds at 1 o'clock on the afternoon of the contest, and fight for 60 per cent of the gross receipts, 35 per cent going to the winner and 25 per cent to the loser.

This was all done by telegraph. Harris telegraphed the Fort Erie club, asking if they would postpone the match which McGovern had with Benjie Yanger on March 16. The manager replied: "Yes, if you will let half of your forfeit go and fight Yanger in May." Harris does not intend to lose the money, but thought it over and concluded he could

McKIMSEY IS BETTER.

Albert Strohm Charged With Shooting Olathe Stockman.

Olathe, Kan., March 2.—Albert McKimsey, the farmer and stockman living six miles northwest of this city, who was shot through the window while eating his supper at his home, is still alive and may recover. Besides McKimsey, Mrs. Kenton, the housekeeper, John Wilson, a hired man, and a young boy of Mrs. Kenton, were also shot, but none of them seriously injured. Albert Strohm, who worked for McKimsey until a few weeks ago, is charged with the crime. Tracks were discovered at the window about ten feet from where the parties were eating supper, and they led off to the north. Strohm had had some trouble with McKimsey at the time he was working for him, he was suspected and was arrested at the home of Jacob Campbell, three miles north. Sheriff Hendrix says his shoes in the prints in the mud. Strohm refuses to talk.

A shotgun was found belonging to Strohm, which, it is alleged, is the gun that was used. It is said the shot was fired from the side of the window, and at an angle that caused the shot to scatter, otherwise the full force would have practically taken McKimsey's head off.

Strohm is 22 years old and was brought back here from Quincy, Ill., about six months ago, charged with stealing from the dwelling house of Ed Hopkins, for whom he was working. He was let off on a charge of petty larceny and got three months in jail. McKimsey was interested in getting him released, and as soon as released began working for him. Strohm is well connected, his parents living near Quincy, Ill.

Briggs have already been there and looked over the country for the purpose of buying, while J. A. Courter was so well satisfied with the Hixson quarter section six miles southwest of Topeka that he bought it, and will move his family there at once.

The others will doubtless buy in the same vicinity. Washington county's loss will result very materially in Shawnee county's gain.

ONCE LIVED AT OLATHE.

A. E. Perkins, Murdered in Arkansas, Had Been Married Before.

Olathe, Kan., March 2.—A. E. Perkins, who was murdered near Bentonville, Ark., was once a resident of this county, living at Monticello.

The records of the district court show that on February 1, 1895, he was divorced from his wife, Annie L. Perkins, whom he married in 1885. He was divorced in the year 1895 at Woodstock, VI., abandoned him; that in the year 1888, removed to Kansas. They were married at Hixson, Mo., in 1885. Perkins stated that he had not heard from his wife for five years previous to filing his petition for divorce. His bond for costs in his divorce proceedings here was signed by F. M. Langdon and the only witness produced at the trial was Margaret Langdon, with whom Perkins claimed to be living at the time. Many here remember this occasion in the court room when this young woman, intellectual and charming as she was at about 25 years of age, testifies in behalf of Perkins, who was probably 40 years her senior. It was very apparent at the time that it was for the purpose of becoming the wife of Perkins and Judge Burris came near refusing a divorce.

A NONOGENARIAN DEAD.

William Green Voted for Every Democrat Except One Since Jackson.

Wichita, Kan., March 2.—William Green, 87 years old, died here Saturday. Mr. Green made speeches in 1898 for Congressman Jackson and made his maiden speech in favor of service pensions for soldiers of the Revolutionary war. He was at the reception given by the city of New York to Admiral Deatur in 1816 and ran away from school to go.

He went into the railroad service about seventy years ago, but retired about twenty-five years ago and came to Wichita. He was at the head of five generations in this city. A wife nearly 50 years old survives him. Mr. Green voted for every Democrat from Jackson to Bryan with one exception, when he voted for Lincoln in 1860. Lafayette visited him in 1924 and Mr. Green met the Frenchman. He was a second cousin of General Nathaniel Green of Revolutionary war fame.

Items from Schroyer.

Schroyer, Kan., March 2.—The Nebraska Elevator company has so far cribbed 20,000 bushels of corn here, and farmers are hauling it in almost daily. This same concern has agreed to give us a lumber yard.

Earmen in this vicinity have organized for the object of putting in a new elevator at a cost of \$150,000 of which \$1,500 has already been subscribed. W. C. Evans fed 350 head of sheep here this winter, which has made him good money.

Rockwell Bros. are operating a sawmill at Schroyer this winter. Most of the material got out will be used in buildings here.

Our business men and prosperous farmers and stockmen say a bank will be got started in Schroyer. The general store of Joseph Barta did business aggregating \$7,000 in 1902. Another general store is badly needed in Schroyer.

There is on the Blue Valley railroad, in Marshall county, about half way between Marysville and Blue Rapids.

THE FEAR OF HUMBUG

Prevents Many People from Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical permanent cure for dyspepsia and indigestion. Many such people themselves on their acuteness in never being humbugged, especially in medicines.

The fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made for a preparation so well known and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are exactly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hyalinate and agar. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thereby before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, heartburn, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package.

Omega Oil

FOR Sore Throat

Sore Throat itself is not so bad, but the danger lies in what may follow if it is not cured early. Every person who has consumption started in with a sore throat. It is like a burning match thrown carelessly away. The match may simply burn up and go out, but it is just as likely to set something else afire and lead to a great conflagration.

Nearly everybody has some sort of cure or other for sore throat. Most of these remedies are pretty good too. But the most widely used, the most successful, the safest of all, is Omega Oil. This is a green-colored liniment that is to be thoroughly rubbed on the throat. Then some flannel should be soaked with the Oil and fastened around the throat.

The treatment is simple, but the effect is as sure as anything can be sure in medicine. We know that many people have cured Sore Throat in this way, and we know that Omega Oil will help to cure very many more.

I have used Omega Oil for sore throat and cold in the chest, and it has done me good. My manager, Mr. F. Ziegfeld, Jr., and several other members of my company have used it. They prize it just as highly as I do. I would not be without it if it cost ten dollars a bottle. Yours very truly,

J. J. Corbett

day to make preliminary arrangements there was considerable surprise in fight circles when the champion and ex-champion met and practically agreed to terms with so little resistance. Another thing which caused comment was the concession on the big bullmaker's part to a limited round bout. Jeffries has contended that the fight for the heavyweight championship of the world should be decided in a finish fight and has maintained that position all through until today when he agreed to 30 rounds.

One thing that probably had direct bearing on the making of the much talked of match, was the adverse comment of the public which has grown tired of the repeated challenges and cross the talk. Jeffries did not want to give up the road in the combination with Phippsman while they were making money, and in evading Corbett to keep up the barnstorming tour much talk was started not favorable to the Californian.

The tour which was intended to be extended to Europe, and may be yet, was not as big a financial success in the east as had been hoped, the governor of Ohio refusing to allow the champion and the Australian to appear in the state. This had a discouraging effect upon the champion's managers, and they decided to disband, but it is now reported that they show will be started again in Philadelphia this week.

Now that Jeffries has consented to meet the conqueror of John L. Sullivan, the tour will probably be a financial success along the seaboard.

Delaney, who brought out Corbett as well as Jeffries, is believed to have much influence over the champion in such a match. The athletic manager and trainer realized that something must be done to regain the prestige that the champion once held, and this could only be done by bringing out the match that would be the most popular with the public. Corbett, although defeated once by the champion in twenty-four rounds, is now the most logical man to fight Jeffries in the world.

At least he has made the general public feel that this counts greatly in his favor.

The question has already arisen as to the probable factors for the fight. Corbett wanted the fight and the fight, Corbett if they met him in the ring, Corbett if they met him in the ring, Corbett if they met him in the ring.

AMES TO RETURN.

Former Minneapolis Mayor Will Accompany the Sheriff Home.

Minneapolis, March 2.—Former Mayor A. A. Ames will be in Minneapolis in two weeks. Such at least is the expressed opinion of Sheriff J. W. Dwyer, who returned to the city this morning from his visit to the retreat of the fugitive Minneapolis in New Hampshire. The sheriff had a very pleasant trip and more than accomplished the object there of in that he located the much-wanted man and made all arrangements for his return after March 5, health permitting.

In reaching the city this morning, the prisoner appeared to be as strong as he ever was. In the interview with him he gave every evidence of mental activity. He discussed the situation here; stated that others were more to blame in the municipal condition than he himself, and talked in a manner which any man not rational never could have done.

"Notwithstanding his serious physical weakness, my opinion, formed from personal observation and from consultations with the various examining physicians, is that, with the proper care, Dr. Ames can be brought back to Minneapolis without any aggravation of his illness. If he travels in a steamer with a doctor and with a nurse in attendance I do not believe the prisoner's condition would be injured.

"I expect to go after him on March 5, with the intention of bringing him back with me. On that date he will be turned over to me and the authorities there all seem to be in favor of making the attempt. Several visiting members of their power. The ex-mayor himself, Mrs. Ames and their attorneys, naturally object to the trip but I think their objections will be overruled. If there is no change for the worse before the time set, and the probabilities are that Dr. Ames will be in Minneapolis inside of two weeks.

"The prisoner was very nice to me and insisted that he was anxious to return to the city but maintained that his physical condition would not permit of the journey. He was very courteous to all of the officials and to the doctors who made examination of his case.

Mrs. Ames is the worst one to handle and she is bitterly opposed to the bringing of her husband back. She stoutly maintains that he is innocent of any wrong doing and states that it is a crime to keep him in prison without the country for no cause whatever through the persecution by the former mayor's old friends and present enemies.

From the newspaper accounts in the New Hampshire towns it would seem that Sheriff Dwyer and the officials of Hillsborough county have formed a mutual admiration society and the Minneapolis official bears out this impression in his statements of the treatment accorded him.

"I never was given a better reception in my life," remarked Mr. Dwyer, "throughout county was especially courteous to me and all of his assistants followed his lead. Every service possible was rendered me and in every way my mission was forwarded by these men. The governor of the state, the lieutenant governor and in fact all of the public officials could not have been nicer and I appreciate the efforts of all of them."
